Board of Education

The Board of Education met last night, President Sallee in the Chair.

The Committee on Claims presented bills of \$61.20 against the White and \$15 against the Colored School Fund, which were allowed.

The Enumerators were instructed to present at the next meeting a summary of the total enrollment of school children in the city.

Prof. J. A. Mitchell tendered his resignation as Principal of District No. 2, which was accepted.

Mr. Schwartz moved to proceed to elect his successor.

President Sallee called Mr. Schwartz to the Chair, and took the floor to argue against the necessity of a high-salaried Principal in each District, there now being a Superintendent over all the schools. He was in favor of amending the rule prescribing only males for these Principalships, and leaving the way open to female teachers, making a motion to that effect.

Under the rules, it lies over one month.

A motion to postpone the election of a successor to Mr. Mitchell until the next meeting of the Board was carried.

The Committee on Supplies was directed to purchase a Silurian Globe and six charts for \$125.

Adjourned.

CLARENCE WHITE.

Mr. Clarence White died at 6:20 this morning at his home in East Sixth street, after a lingering illness of consumption.

He was the son of Mr. and Mrs. L. C. White and was 22 years of age.

His was the second death in the family in the past three weeks, his brother, George White, dying on May 12th.

Surviving are his mother, father and three brothers—John and Sherman of this city and Will White of Washington.

The funeral will take place from his late home at 2 o'clock tomorrow afternoon with services by the Rev. George Froh of Washington.

BIBLE IN SCHOOLS

Decision of Appellate Court in the Brooksville Case

The Court of Appeals yesterday affirmed the judgment of the Bracken Circuit Court in a case of Thomas Hackett against the Brooksville Graded School District, in which the lower Court refused to grant an injunction restraining the Trustees and teachers of the school from the use of the English translation of the Bible known as the "King James" or "Authorized Edition," and from opening the school with prayers and songs alleged to be of a denominational character.

The whole Court, except Judge Cantrill, considered the questions presented on appeal. Judge O'Rear delivered the opinion of the Court. The questions presented on appeal were: First, does the offering of prayer upon opening of a Public School make it a sectarian school within the meaning of Section 189 of the Constitution, and, second, is the Bible above mentioned a sectarian book within the meaning of Section 4,363, Kentucky Statutes? The children of the appellant were members of the Roman Catholic Church.

The Court says that the Brooksville School is in no sense a sectarian or denominational school; that Section 189 of the Constitution was aimed, not to regulate the curriculum of the common schools of the state, but to prevent the appropriation of public money to aid schools maintained by any Church or sect of religionists; that the evidence here shows that in the Brooksville School worship of God is not compulsory, and children of appellant were not required to attend during the exercises complained of nor to participate in them.

The Court in part says: "The Constitutional Convention in framing the organic law for all the people of the state must be presumed to have used ordinary words, not according to the peculiar views of the few, but as generally used. The word 'sectarian,' from the connection which it is used, cannot be given the construction contended for by appellant, which seems to be that any form of prayer not authorized by a particular Church is sectarian." The Court says that neither the "King James" edition nor any edition of the Bible is sectarian. That the adoption of any particular edition by one or more denominations as authentic, or by them asserted to be inspired, cannot make it a sectarian book.

Found a Cure For Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says: "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by all Druggists.

A Mayslick team will go to Carlisle tomorrow for a game of baseball.

Vudor Porch Shades

The expense of equipping an ordinary porch with Vudor Shades varies from \$2 1/2 to \$3.76 according to the size of the porch. A small expenditure for a large amount of satisfaction.

Do not compare Vudor Shades with cheap bamboo screens which are short lived, do not effectively shut out the sun and are constantly getting out of order.

Durability considered, the Vudor is the most economical shade procurable besides having the following points of superiority—

- First—An effective screen.
- Second—Allow free circulation of air.
- Third—Ease of operation. Roll up like a theater curtain. The action is positive and easy.
- Fourth—Made in such a variety of colors it is easy to select those in artistic harmony with the style of the house.
- Fifth—Great durability; made from Linden Wood Fiber, securely woven with the best of seine twine; fitted with metal pulleys and a heavy maitre cord for raising.
- Sixth—The colors are weather proof.
- Seventh—Screen a porch from the outside without interfering with the view of those within.
- Eighth—Lowness of price, considering the utility and durability.

SUNDAY was Admiral ROJESTVENSKY's busy day.

RUSSIA can now sympathize with Spain, for she knows how it is herself.

Togo did to Russia what DEWEY did to Spain, and in the same neighborhood at that.

THOSE "experts" who figured that Japan wouldn't meet Russia in a stand-up fight, are entitled to one more guess.

THE day following the demolition of the Russian Navy by your Uncle Togo, Japanese bonds in London advanced 1½ to 3 points.

It is the general impression throughout the world that Russia will need a few warships before she is in a position to attack even an unarmed fishing fleet.

ON Sunday Admiral ROJESTVENSKY's fleet was swept from existence in the storm of Japanese fire, and today Europe rocks from the shock of the greatest sea fight since Trafalgar.

AFTER Japan assesses Russia about a billion dollars for war expenses, she may call on France for an accounting; and it's likely that the French will prefer to settle with cash instead of with cannon.

AMERICAN stocks are booming in London as a consequence of the Japanese victory. They are ½ to 1½ above parity. This, from the Russian viewpoint, is another proof that Uncle Sam and Uncle Mutsuhito are "old pals."

OFFICIAL circles at St. Petersburg express surprise that the first news of the fight came from Washington. They say this proves that America is Japan's ally. Well, what are they going to do about it?

THE raising of money for Catholic Church purposes by means of fairs, raffles and the like has been absolutely prohibited by Archbishop MOELLER of Cincinnati in an open letter just issued. This seems broad enough to include the one-oyster bowl of soup along with the other fakes, for which the good Archbishop is to be praised.

AMONG the vessels of ROJESTVENSKY's fleet was the repair ship Kamtschatka. This vessel carried duplicate parts of all the machinery on the other ships, so that in case any part broke it could be replaced immediately. This was a most wise precaution on the part of the Russians; but some one told your Uncle Togo about it, and after thinking the matter over he concluded that he didn't want any "repairing" going on around there, so when they began to play ball he put the Kamtschatka out at first base.

Political Pickings
 CREDITABLE TO TRUE DEMOCRACY.
Louisville Herald.
 Citizens, irrespective of party feeling, should delight at the defeat of J. Willard Mitchell at the recent primary election in Jessamine for re-election to the office of County Attorney.
 Mr. Mitchell made an elaborate speech after the election of 1899, in which he urged that the Democrats should contest the election of Governor Taylor, and if necessary every white Republican should be put to death.
 He was the leader in the Convention that nominated Judge Cantrill, and for the first time in the history of Conventions established the ruling that the contesting delegation was entitled to vote on the temporary organization. Now he has been repudiated by the people of his own county.
 We congratulate the good Democrats of Jessamine upon the nomination of young Mr. Watt. May he prove a capable official.

Soda Water
 Is the National beverage. When properly made there is no drink so healthful and refreshing. The making of it is an art. There must be attention to details, experience, knowledge, skill and conscience exercised in its serving.
 We make it as it should be made. Pure carbonated water, genuine fruit syrups and abundant ice are the essential materials, and absolute cleanliness is our hobby.

 The Joe Walton and Charles Brown are tied up at Morris's Landing, and the Jim Wood at Short creek. All the crews of these boats have been sent home and a watchman placed on the boats.
 The Ohio has again reached that stage near headwaters which prevents the larger packet boats from getting into the Pittsburgh harbor. The Virginia was forced to tie up at Rochester Saturday on account of low water. The boats, however, will continue to go as far North as they can.
 Captain Gordon Green, Manager of the Cincinnati-Pomeroy Packet Line, in his endeavor to readjust river conditions so that his packet boats may land profitably at small towns above Cincinnati, has placed the ban on California, Ky., because, it is claimed, this river hamlet, like Aberdeen, cannot come to the wharfage agreement. Citizens of California have decided to put the annual wharfage for each company back to \$120, beginning June 3d, if a former offer of theirs, which they claim was rejected, is not accepted. It is said boats cannot land at the old \$120 per annum rate without a great loss. In the meanwhile steamers do not land at California.
 The conservative and level-headed Washington Post refers to the address of Chairman Burton at Pittsburgh, in which he prophesied the certain and the speedy canalization of the Ohio from Pittsburgh to Cairo—and the enormous advantages to come from the work—and adds this: "That is just what ought to have been a reality forty years ago. The losses resulting from the absence of it in the last forty years would aggregate an amount of capital equal to the cost of improvement. It is asserted on reliable authority that the tonnage of Pittsburgh freight is equal to the total freight of Philadelphia and Chicago."

Terror to Warships

The modern Whitehead torpedo that has figured so tremendously in the naval battles of the East, is a steel cigar, or automatic porpoise-shaped projectile, from 12 to 17 feet long and 18 inches in diameter at its widest. When ready for firing even a small one will weigh more than half a ton. They are delivered in five sections, which contain upwards of two thousand pieces of machinery. The wet gun-cotton in the "war-head" is inserted in slabs, each with a hole in its center to receive the core of dry gun-cotton directly connected with the detonating primer, which contains fulminate of mercury, and a percussion cap. In front of the primer is screwed the war "nose"—a very sensitive nose—which operates automatically when the weapon strikes and sets off the whole charge. Behind the war-head comes the

chamber containing the compressed air that drives this singular projectile through the water. Into this chamber is pumped air at a pressure of about fifteen hundred pounds to the square inch. And this escaping through a valve leading to the little engines, provides the motive power. Next comes the mechanism which automatically regulates the depth of the torpedo during its run; this ingenious apparatus has been kept a great secret, and sold in turn to the various Nations of the world. Not far from the tail of the torpedo are placed the driving engines. There is also a controlling valve which can be arranged so as to close automatically after the weapon has run a certain distance, thus obviating a futile explosion in the event of the torpedo missing its target.

Corintho by Oratorio, 2:13, a noted trotting horse, owned by Desha Breckinridge of Lexington, died in great agony yesterday morning from the effects of swallowing a live rat, which was concealed in the oats in the feed trough. The windpipe of the animal was lacerated by the rat.
Harvey Alexander, aged 35, was found lying across the grave of his wife in the Lexington Cemetery yesterday morning dead. He entered the Cemetery Tuesday afternoon just before the storm. The cause of his death is a mystery, as there are no marks of violence about the body.

State Board of Equalization Takes a Whack at Mason

The State Board of Equalization Tuesday took preliminary action as to the assessment of property in the counties of the Sixth Appellate District.

The local assessment and equalization was accepted as to but two counties of the fifteen counties comprising the District, that of Fleming and Rowan. Raises were ordered in all the others.

The County Judges were notified of the action taken, and dates fixed for hearing witnesses from the counties which desire to be heard. The hearing will begin on June 23d.

In Mason county the increase amounts to 10% on farm land and personality and 5% on town lots.

Nicholas, 12% farm land and personality, town lots accepted.

Robertson, 8% on farm land and personality, and 10% on town lots.

Lewis, 5% on farm land and personality, town lots accepted.

Bracken, 20% on farm land and personality, and 10% on town lots.

Cuban Diarrhea.

U. S. soldiers who served in Cuba during the Spanish War know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhea Remedy cured my husband of a severe attack of Cuban diarrhea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.

THE ROUNDUP

WHAT THE JAPANESE LOST

Rojestvensky Badly Wounded and
in Japanese Hospital

Russia Doesn't Know What to Do,
and Hasn't Anything to
Do It With

ST. PETERSBURG, May 31st.—5:35 p. m.—A series of conferences is proceeding at Tsarskoe-Selo to determine not only the question of peace but whether it is advisable to yield to the popular demand for the immediate convocation of a National Assembly.

WASHINGTON, May 31st.—The State Department has received the following cablegram from Tokio, dated today:

"Rojestvensky's skull fractured, requiring operation; serious, but not dangerous. Total Japanese losses to date three torpedoboats sunk, three officers killed, and about 200 men killed and disabled."

WASHINGTON, May 31st.—The Japanese Legation today received the following report from Tokio:

"It is officially announced that in the last naval battle the damages sustained by our fleet were very slight, and none of our battleships, cruisers, destroyers and other ships were lost, except three torpedoboats."

"Under imperial command, Admiral Togo was authorized to permit Admiral Nebagtaoff to submit to the Czar the reports on the last battle and a list of Russian killed, wounded and prisoners. The Admiral was also authorized to release on parole the surrendered officers of Nicolai I, Orel, Apraxine and Senyavin."

"Admiral Rojestvensky was taken to Sasebo Naval Hospital. No other Admiral was captured from the destroyer Biedovy, the last report in this respect being due to a clerical error."

LONDON, May 31st.—The Tokio correspondent of The Daily Telegraph has sent the first graphic description of the naval fight since it

occurred. Admiral Togo gave a clear story of the loss by the Russians of twenty-two of their ships, but failed to describe the attacks. The account of The Daily Telegraph's man, who was on the spot, shows that the winning of the battle by the Japanese was due to the work of the torpedoboats. The cruisers and battleships were invaluable in occupying the attention of the Russians, while the torpedoboats made their attack, and after the Russians had become disorganized, their foul-keeled ships were chased to the rocks by the fast Japanese cruisers, which had been kept in the best condition for just such an emergency. The account follows:

"The Japanese torpedo attack Saturday night was carried out by moonlight and in perfectly smooth water. The Japanese had a big fleet of torpedoboats. While they will not admit the fact, it is evident that submarines participated. The torpedoboats completely encircled the Russians, swarming like hornets, and the attack proved successful. Sunday morning a Russian battleship and a cruiser were captured and another cruiser was sunk. Some of the Russian warships retired Southward. The fighting was on a grand scale. The Borodino and Kamtschatka soon sank. The Russians were then thrown into disorder. The ships failed to answer the Admiral's signals and a complete lack of united effort prevailed. By 4 o'clock in the afternoon Rojestvensky was completely defeated, but pursuit and severe fighting continued. The Japanese captured a battleship which was damaged severely, having been swept clean by shell fire, and eventually she sank, but all her crew were made prisoners. Later the Admiral Nakimoff sank."

There will be free ferriage from Ohio to this city Monday, June 5th, County Court Day.

Joseph Heiser Post No. 13, G. A. R., of this city desires to return thanks to the P. O. S. of A., the ladies who assisted in decorating the graves, those who contributed flowers and last but not least Captain Thomas A. Davis for his many invaluable services.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room, as I have had several attacks of colic, and it has proved to be the best medicine I ever used." Sold by all Druggists.
